PRICE THREE CENTS

NEW FORCE WILL ENTER COMMISSION FIGHT

JAIL DELIVERY AT WAPAKONETA

Three Prisoners Escape, But Are Quickly Retaken

SAW THRU TWO STEEL DOORS

Trio Recaptured at Slater After Gun Play

WAPAKONETA — (Special) — Three prisoners in county jail here made a sensational escape at 8:30 o'clock Wednesday morning, after sawing thru two steel doors, using a fine saw smuggled in from the outside. Almost within an hour they were recaptured at Slater, six miles east of here, on the T. & O. C. Railroad, by Sheriff Bob Ewing and aides, in which revolver shots were necessary to stop one of the trio.

The three men, Dan Dopley, charged with the theft of an automobile from George Holtzhauser at St. Marys; Lloyd Merritt, held for the burglary of the H. D. Koepfer hardware store at St. Marys and Ed. Cooper, of Ironton, charged with beating a board bill at the home of George Krieger here, using a fine steel saw worked Tuesday night on the doors of the jail, but a break for liberty was not made until long after daylight.

HOLD GIRL IN SUPPLY ROOM
Miss Tena Elder, assistant to Mrs. Ewing, the matron, was engaged at work in the corridor between the sheriff's residence and the jail, in view of the entrance. One of the men asked for a towel. When the girl went into the supply room, the men rushed thru the door. While one of them held the door of the supply room, the others dashed thru the kitchen and a moment later were joined by the third man.

They ran across lots to Pearl street and south to the T. & O. C. railroad where they boarded an east bound freight train just pulling out. They were seen by G. C. Rickert, employee at the railroad freight office and by Carl Kelly, night agent at the B. & O. depot, who was off duty. After it became known that jail delivery had been effected, Sheriff Ewing was informed concerning the men who boarded the freight train.

The sheriff and others made up three auto parties and a fast run was made to Slater. Ewing arrived there before the train, which had stopped for water for the locomotive, had departed. A search of the cars failed to locate the men, but a search of the freight cars, which the men were hidden in weeds near the track.

GUNFIRE HALTS MERRITT
Dopley and Cooper surrendered when covered by Sheriff Ewing's gun, but Merritt ran. He was halted quickly when Ewing opened a bombardment in his direction. The men were hurried back to the county jail and blacksmiths were summoned to make repairs on the prisoners.

The men were sulky after being recaptured and refused to give information as to how they secured the saw, which was found later in the jail.

Two rivets were sawed off the inner door, which permitted the removal of one of the bars. A steel hasp securing the middle door was easily cut by the fine saw and the outer door, of solid steel, had been left open during the day, for purposes of ventilation.

A score of people in autos started eastward when it became known the men had boarded a freight train. Sheriff Ewing and Arthur Heywood, in a high powered car, distanced all others and reached Slater in time to intercept the men.

WOMAN ENDS LIFE IN RAIN BARREL

Wife of Postmaster Schunk, Celina, a Suicide

CELINA — (Special) — Mrs. Lawrence Schunk, 55, wife of the postmaster here, succeeded Tuesday night, by drowning, in a rain barrel containing only a foot of water. She plunged head foremost into the barrel, after removing her outer skirt. The woman was found ten minutes later by her husband, but strenuous efforts by physicians failed to revive her.

Mrs. Schunk had been ill for some time, suffering from a nervous affection and a week ago returned home from a sanitarium in Detroit, apparently greatly improved. Owing to the fact that she was very melancholy, a constant watch was maintained over her.

Tuesday evening, after returning home from an auto ride with her husband, Mrs. Schunk stated that she intended going to the bath room on the second floor. Her little daughter, Mary, aged 6, sought her mother a few minutes later, but she was missing. Mrs. Schunk descended a rear stairway and drowned herself in a rain barrel near the garage at the rear of the residence.

She is survived by her husband and five children, Dominic of Cleveland; Robert in New York, and James, Charles and Mary at home. The children range in ages from 23 to six years.

Postmaster Schunk is prominent in the affairs of Celina and Mercer, and is a high officer in the Knights of St. John.

CONTRACTOR AND SERVER CLASH

Feeling engendered between Service Director Elmer McClain and Lima contractors, thru the former's alleged frequent reports to the state industrial commission of 8-hour law violations here, cropped out afresh Wednesday when W. J. Irwin & Son failed to collect \$12,694.80, because the city has no money to pay the claim.

The money is due for work on Collett-st lateral relief sewer, on which Irwin is the contractor. The estimate was approved by McClain but when presented for payment, Irwin was told by Auditor David L. Rupert that the money would not be forthcoming at present. The

city has not more than \$2,200 for the purpose and Irwin must wait.

Irwin left the auditor's office and returned to that of McClain, where warm words ensued.

Exact details are lacking, but McClain is declared to have told the irate contractor that he didn't give a darn if he never got the money.

The barren condition of the Collett-st sewer fund is due, it is claimed, to contracts being awarded by the city without considering the financial end of the matter.

GERMAN WILLS 5,000 MARKS TO U. S. NAVY CREW

PATERSON, N. J. — (By Associated Press) — The first American crew to capture or sink a Japanese warship in event of war between the United States and Japan would receive a prize of five thousand German marks by the will of Charles O. H. Fritzsche, former Paterson engineer, made public today. It was received here from Dresden, Germany, where Mr. Fritzsche died January 1.

The will, made April 19, 1910, creates a five thousand mark trust fund, the income of which is to go to buy firewood for the poor of Paterson, unless this country gets into war with Japan. Then the principal is to go for the prize.

Edward R. Weiss, legal adviser of Mr. Fritzsche, said that the engineer had been an American citizen for many years, and that during the war his property had been seized by the alien property custodian.

STAGE IS SET FOR IRISH PARLEY

DeValera and Lloyd George Meet Tomorrow at 4:30

LONDON — (By Associated Press) — Final preparations for the meeting of Eamon DeValera, Irish republican leader, and Prime Minister Lloyd George, to be held here tomorrow, were being made by the government and the Irish delegation today.

The first meeting between Premier Lloyd George and Eamon DeValera, the Irish republican leader, will be held at 4:30 p. m., Thursday at Number 10 Downing-st, the prime minister's official residence, it was announced at Sinn Fein headquarters here this afternoon. It is inferred that the conference is to be between these two men alone.

PLAN OF MEETING
British officials who have been closely associated with Irish affairs during the recent past were said today to be prepared to join in discussions with the Sinn Fein delegation headed by Mr. DeValera and it was thought possible that General J. C. Smuts, Premier of the Union of South Africa, would play a very definite role in the negotiations that would take place. General Smuts has been considered the man chiefly responsible for the reported development of peace moves in Ireland, and late last week it was said he might act as temporary chairman of the coming conference.

TRUCE OBSERVED
Mr. DeValera and his colleagues spent the night at a hotel with friends in this city last night. During the evening there was a meeting of Sinn Fein sympathizers, at which it is assumed the situation was quite thoroughly canvassed.

Reports from Ireland indicate the truce arranged which became effective at noon last Monday was being observed. The observance of "Orange-men's Day" in Belfast yesterday was not attended by any violence and it would appear that both sides in the bitter strife in the Emerald Isle were resolved not to embarrass their leaders in arranging a possible peace.

DRINKERS STRIKE

Fight For Lower Soda Prices Starts in New York

NEW YORK — (By United Press) — A nation-wide soda water strike, to force down the price, is in the making, according to Mrs. Emma Grant, leader of the Bronx soda revolutionists.

"If the kids thruout the country rise up in all their just wrath against the soda profiteers, just as we have done, the price will soon come down," she said today.

"I have received letters from all parts of the country, from kids and civic leaders, encouraging a nationwide revolution against these profiteers and I believe they will do it."

After her three-day crusade in the "home of the cocktail," Mrs. Grant was able to force down ice cream soda prices from 17 and 22 cents to 11 cents.

"And we have only begun," she told the United Press. "Before long, we will have it down to five cents, where it belongs."

"The ice cream soda is the best summer nutrition for the kiddies. In hot weather it is their best food and drug store proprietors should not be allowed to continue their war prices without justification."

"The kids hold the power of the boycott over the heads of these scheming profiteers."

MRS. EVA KABER FAINTS IN COURT

Murder Trial Is Halted By Dramatic Scene

WOMAN SCREAMS, FALLS

Excitement Runs High As Prisoner Is Removed

CLEVELAND — (By Associated Press) — Mrs. Eva Catherine Kaber went into a hysterical faint soon after court opened this morning while her brother, Charles Brickel, was testifying in her behalf in the trial in which she is charged with murdering her husband, Daniel F. Kaber. She screamed hysterically and fell to the floor. She was carried out by bailiffs.

Excitement among the women spectators was intense as the accused woman's screams pierced the air. Many jumped to their feet and began wringing their hands. The crowd did not calm down until Judge Bernon had admonished all to keep their seats.

CALLS FOR DAUGHTER
Court bailiffs immediately grabbed Mrs. Kaber when she began to scream but she wriggled out of their grasp and soon was prostrate on the floor.

After Mrs. Kaber was carried into the judge's chambers, she called, incoherently for her daughter, Marian. It is not expected that she will be able to return to the court room until late this afternoon when the trial can be resumed.

The dramatic scene came when Assistant County Prosecutor Cassidy, on cross-examination of her brother, asked him if he did not know that his mother, Mrs. Mary Brickel, had admitted that she tried to burn the Kabers home.

PHYSICIANS CALLED
"No she don't admit it," he replied. Mrs. Kaber then began to scream. On direct examination, Mr. Brickel had testified that he believed Mrs. Kaber to be insane. He said she would water at the mouth and her eyes would become glassy on dark days.

Immediately on entering the court room this morning, preparatory to testifying in her behalf, Mrs. Kaber leaned her head on the table and cried almost continuously. She did not even raise her head to confer with her counsel.

Two physicians were called to attend Mrs. Kaber, one by her counsel and the other by state attorneys. She became quiet after the physicians had administered to her.

PILOT IS BLAMED FOR DEATHS

Aviator Testifies in Probe of West Virginia Air Crash

MOUNDSVILLE, W. Va. — (By Associated Press) — K. J. Dooley, aviator for the H. L. Lambert Aircraft Company, who witnessed the airplane accident at Langin field here last Sunday in which five persons were killed, was among the first yesterday to testify before army air service officials who are investigating the accident.

Dooley told newspaper men that he testified that the accident could have been prevented. "It is my firm conviction that the accident was unpreventable," Dooley said he told the officers. "The pilot could have put his plane into the Ohio river, and avoided the crowd of spectators."

Lieutenant R. C. McVoy piloted the bomber which crashed into sixteen automobiles following an attempt to take off for Langley field, Virginia.

AIRMAN BLAMELESS
WASHINGTON — Lack of adequate information as to weather conditions and no fault of plane or pilot are held responsible by the inspector general of the army, after investigation for the crash of a Curtiss Eagle army ambulance plane recently at Morgantown, Md. in a thunder storm and the death of all seven men aboard the craft.

"It is highly desirable," said the special report to Secretary Weeks made public today, "that an order should be issued that, in peace times, except in emergencies, no cross country flights should be undertaken until available information of conditions on the way has been obtained."

The ambulance plane fell en route from Langley field, Va., to Washington.

"SPIRIT" LETTER IS RECEIVED BY KABER'S WIDOW

CLEVELAND — (By United Press) — A note addressed to Mrs. Catherine Eva Kaber and purporting to be a message from the "spirit" of murdered Dan Kaber, was received by Francis Poulson, the accused widow's attorney today. The message read:

"Dan Kaber's spirit sends this message:

"Forgive me the wrong I have done you. You are safe from harm and my spirit watches over you. Always I am in the court room at your side."

The note contained no signature.

3 NATIONS ACCEPT ARMAMENT PLAN

Britain, France, Italy to Participate in Conference

LONDON — (By Associated Press) — Three of the principal allied nations, Great Britain, France and Italy, have officially signified their acceptance of President Harding's invitation to hold a conference on limitation of armaments, while China has indicated her readiness to participate in a conference relative to Far Eastern affairs. Japan is the only one of the allies which has not placed herself on record as being ready to take part in the Washington conference, but it is expected in official circles here that her acceptance will be communicated to the United States government soon.

EMINENT MEN COMING
In government circles in this city it appears to be the consensus of opinion that the meeting at Washington will be attended by some of the most prominent statesmen of the world. The announcement of Premier Briand of France that he would consider going to Washington, followed indications that Prime Minister Lloyd George might also go, provided conditions in Great Britain are such as to permit his extended absence from the country. It is probable, however, that some of the leading figures in British official life will be present. Among those mentioned as delegates are A. J. Balfour, Lord president of the council; Lord Lee of Fareham, first lord of the admiralty; Sir James Worthington Evans, secretary of state for war; Admiral Lord Beatty and Viscount Grey.

LEAGUE BOARD MEETING
Advices from Paris state that the commission for reduction of armaments appointed by the league of nations will probably hold only a brief session in that city on Saturday. Rene Viviani, president of the commission, is understood to favor an immediate adjournment, although such action would be upon the initiative of the council of the league. It seems probable, however, that President Harding's proposal for a conference on steps toward disarmament will be the dominant feature of Saturday's meeting.

MUST STOP GLARE

New Lenses Demanded of Auto Owners by Aug. 16

COLUMBUS — (By Associated Press) — Ohio automobile owners must provide themselves with anti-glare lenses, meeting the state requirements, by August 16, under the Pence law passed by the last general assembly.

State Highway Director Herriek is holding tests at Ohio State University to determine what models shall be used.

The law states that lights on motor vehicles "shall throw sufficient light ahead to show any person, vehicle or substantial object upon the roadway straight ahead for a distance of at least 200 feet; no rays or beams of reflected light shall at any time be more than three and a half feet above the ground on a level road at a distance of 75 feet."

Violators face a fine of not more than \$25 for the first offense and not less than \$50 nor more than \$100 for the second offense.

LIGHT CAVALRY OVERTURE.
LYNN, Mass. — Music may have power to soothe a savage beast, but its effect on a pair of nice tame milk-cow horses is not quieting. Miss Elizabeth Mestor was seated at a piano at her home when a pair of horses, drawing a milk truck crashed thru the side of the house. After the animals were led out of the parlor the young woman resumed her playing.

CHAOS BEATEN BY OHIO BANKS

General Admiration Challenged, Superintendent Scott Declares

BUSINESS SHADOWS PASS

Conservative Prosperity Near, Cleveland Meeting Told

CLEVELAND — (By Associated Press) — The general financial system of the banks of Ohio is keeping its head above industrial business chaos to such an extent as to challenge general admiration, H. E. Scott, state bank superintendent, declared in an address today at the annual meeting of the Ohio State Bankers' Association here.

MEETS TO BUSINESS
"In these times of stress and strain in financial circles while all kinds of business are going thru a period of deflation, and the withdrawal of deposits has been somewhat larger than usual, the department of the banks of Ohio finds the bankers of the state treading a regular and stately pace, each institution acting under the influence of local conditions with a due and accurate conception of general conditions," the state bank superintendent said.

"This means much to the business interests of our state and long before the due date of the first issue of war savings stamps," the industrial life of the state will feel the effects of the \$110,000,000 which will return to business channels then for reinvestment.

SITUATION ENCOURAGING
"The business depression thru which we have been passing should not discourage us. The shadows are vanishing, and the sunlight is breaking thru, and in my judgment, it will not be long until the country will be enjoying what may be described as conservative prosperity—the kind to be more desired, because it is more enduring."

"We have had more perplexing problems to solve in the past than those confronting us, and they have been satisfactorily solved. We have passed thru former reconstruction periods not entirely unlike the present, and we have emerged from these crises stronger and better than ever."

1,000 BANKERS PRESENT
More than one thousand Ohio bankers were on hand for the opening session of the thirty-first annual convention of the Ohio Bankers' Association, which opened a three day convention here today. Problems of peculiar interest are to be considered, the program ranging from purely Ohio problems to national conditions.

The convention opened with an address of welcome by Mayor W. S. Fitzgerald. J. J. Rowe, president of the First National Bank, of Cincinnati, responded.

TRADE SIGNS BRIGHT
CHICAGO — Business improvement in business conditions was predicted by Josiah Kirby, of Cleveland, today in an address at the convention of National Association of Real Estate Boards.

"We in America cannot now experience a sustained depression," he said. "All sustained depressions have for their background an overproduction of finished products and a shortage of natural wealth. Conditions at present are exactly reversed. We have in America a shortage of finished product and an abundant supply of natural wealth in the form of raw materials, and the purchasing power of our people is without end."

"Even now, in the so-called dull period, business is so far ahead of 1914 as to make comparisons ridiculous. Current freight car loadings are running only about 15 per cent less than a year ago; business failures, never abnormally high, are decreasing both in number and amount of liability, and in almost every line of endeavor business is available to the man who will trade his wishbone for a backbone and go out and get it."

SUCCESSFUL OPERATION IS DIRECTED BY WIRELESS TO SAVE MAN'S ARM AT SEA

NEW YORK — A surgical operation two hundred miles at sea, directed by wireless from Brooklyn was directed today by Raymond Barrett of the Brooklyn hospital. The captain of the tanker Vesta performed it under Dr. Barrett's direction transmitted by Arthur R. Haydon, radio operator at the Bush Terminal. Haydon heard the Vesta calling for aid for a man who had an infected hand. He telephoned to Dr. Barrett who feared from the description that the man's whole arm would be infected. The operation was a success. The Vesta has arrived with the patient at Riverside, R. I.

Organization Meeting Will Be Held Soon—Candidates for Berths on Legislative Body Will Be Given Support in Primary and Election.

Dissatisfaction over G. O. P. Action and Slates Presented Declared to Be Reason for Proposed Campaign Work.

Indications Wednesday were that a new force soon will enter the campaign for the selection of city commissioners. It is expected that definite steps in this direction will be taken within a short time.

Various organizations have placed slates in the field in the race. A number of welfare organizations, the Committee of 200 and the Republican organization in the city as well as the trades and labor assembly have come out as sponsors for various candidates.

The new organization which is being discussed will be non-partisan in nature. It is declared that party lines will not count. Neither will the slates as arranged play any part. It is the avowed purpose of those discussing the move to back candidates in the primary and election, regardless of affiliation, who are deemed to be the best fitted for places on the board.

The new body will be made up of members of all parties, it is said, who are willing to forget party lines and conform to the conditions of the charter that politics play no part.

DISSATISFACTION IS CAUSE OF PROPOSED NEW ORGANIZATION

The determination of those interested in this move to start a new force of backers for certain candidates is said to have resulted from the action of the Republican organization in endorsing certain men in the race and dissatisfaction with the complexion of slates put up.

If the new organization follows the sentiment of certain men instrumental in its formation, members of the present city council who are in the campaign will fare badly in the matter of its support. This attitude is expressed because of the past record made by council in the matter of spending and inactivity in constructive matters.

Those who are furthering the plans for the initial meeting decline to say what candidates probably will be supported. It is known, however, that two and possibly three of the slate put up by the Committee of 200 are favorable to the backers of the new organization. One or two men running independently are believed to be favorably looked upon.

"There will be no limit to membership in this organization," one man said. "We expect a big enrollment."

MANY RESIDENTS, MARKED FOR DEATH, FLEE TOWN

Foreigners Blamed for Great Crime Wave, Driven from Beaverdale, Pa., by Americans—Homes Are Dynamited—Ohio Concern's Employees Attacked.

JOHNSTOWN, Pa. — (By Associated Press) — Many foreigners left Beaverdale, a mining town near here, late last night, following a mass meeting of American citizens who are said to have reiterated their intention of driving out the undesirable foreign element alleged to have been responsible for numerous crimes committed at Beaverdale within the last few months.

State police on duty at Beaverdale attended the meeting and were told, it is reported, that the objectionable element must leave the community. "If they do not," the spokesman is reported as saying, "you policemen may stay here and protect them but we will get them sooner or later, perhaps tonight, even against your opposition."

The state troopers, according to the reports, advised those against whom feeling ran high, to leave the town and an exodus began which is said to have proceeded quietly.

Five buildings were dynamited and a number of foreign residents driven from their homes Monday night, according to reports reaching Cambria-co authorities.

LABORERS ATTACKED
BUCYRUS, O. — (By Associated Press) — Mrs. Eugenia Howard, 52, colored, is not expected to live and her brother, Tom Cuavina, 50, is in the county jail as a result of an attack by Cuavina with a hatchet on the colored laborers at the Broken Sword Stone Company's quarry at Spore, near here, Monday night.

The colored laborers at the quarry had gathered at the Cuavina cabin in the evening when without a word of warning Cuavina emerged from the house wielding a hatchet.

Leslie Little, an aged negro, was the first attacked. He was knocked in the park at night.

unconscious with a blow from the blunt end of the weapon. Mrs. Howard interfered and was stricken down by repeated blows from the hatchet.

Cuavina then held the crowd of negroes at bay with the hatchet until Sheriff Knappengerger and a posse arrived and took him to jail. Mrs. Howard was taken to a hospital where it is said she will die. Little was not seriously hurt.

HEAT REACHES 106

Many Farmers Doing Field Work By Moonlight

CHICAGO — (By Associated Press) — The torrid wave which has gripped the central west for days, continued today without indication of relief.

Farmers in some sections are doing their field work by moonlight. In other districts there is little activity until sundown. In some parts of Illinois and nearby states there have been reports of firing of corn and notice of it has been taken in the market, tho it is generally understood that no considerable loss has been sustained.

At Footville, Wis., yesterday, temperatures of 106 degrees in the shade and 100 at Oshkosh, Wis., were recorded. Muscatine, Iowa, reported 102 degrees and Davenport, Iowa, 101.

Two deaths attributed to the heat and several prostrations occurred in Chicago yesterday. Temperatures in the nineties were indicated for today. Sweating humanity thronged the beaches daily and hundreds sleep the first attacked. He was knocked in the park at night.

BONUS BILL FATE STUNS MEN

Feeling Among Former Soldiers Is Varied

LEGION POST HERE TO ACT

Will Discuss President's Stand, Friday Night

The Lima Post of the American Legion will Friday night undertake a discussion of the opposition of President Harding and others to the soldier bonus bill before congress at the present time, in an effort to crystallize the sentiment of the local post men concerning the objectionable features of the bill.

Considerable discussion pro and con has developed through the country so far as the measure and the presidential objections are concerned and the Lima post expects to become actively engaged in thrashing out the matter, according to Frank Hume, post adjutant.

Post Commander John A. Harlow was out of the city Wednesday and could not be reached for an expression of his opinion on the matter. Hume declared his attitude unsettled.

"I have been around among the business men just enough to realize the financial condition of the country at present," he declared. "Nevertheless, there is another side of the question to be considered. The matter will unquestionably come before the Legion at its meeting Friday night. The entire thing will be thrashed out at that time."

LEGION GIVES VIEWS

William H. Gallant, ex-adjutant of the Legion, more definitely explained his attitude towards President Harding and others who object to the consideration of the bill.

"The public has had time to think the matter over," he said, "and I have come to the conclusion that they believe the bonus bill is the passage of the bonus bill. It is only the big taxpayer who is objecting and he is doing it simply because he is afraid that he will have to pay more taxes if it passes. If the country isn't financially fixed to meet the requirements of the bonus bill, why doesn't the government go after Great Britain and make the English pay the interest on their debt to America? That alone would be sufficient to take care of the bonus bill."

LEGION POST TO ACT

Some definite action on the part of the Legion, probably along the line of that taken by other posts, is expected as a result of the meeting Friday.

Many former service men who held to high hopes that they would be remunerated for the sacrifices they made in the war, are stunned over the latest developments in the attitude of the administration toward soldier bonus.

OMER ROSS TRIAL TO BE HELD THURSDAY

Trial of Omer Ross, indicted by the recent grand jury, charged with attack with consent, will be held in court Thursday. Sixteen witnesses have been called by Ross to testify in his behalf. Ross is now out on bond.

Margaret Lease is the complaining witness. Only she and her sister, Ethelene, have been called by the state in the case.

TRAFFIC COP IS GIVEN SUNSHADE; SEAT NEXT

No more the blazing sun shall beat upon the traffic cop. A new umbrella now proclaims a traffic cop's duty.

Old Sol can shine on his most torrid rays now and they will have little or no effect upon the traffic policeman at the intersection of High and Main-sts. For instead of the usual semaphores, an umbrella bearing the words "Go" and "Stop" has been placed there. The umbrella is one of the extra large type and affords a nice, shady spot for the traffic cop.

Efforts are now being made at police headquarters to devise some means whereby the officer may be shielded from the sun. When this is done, it is anticipated, a mad rush will be made for the traffic cop's job.

SUGAR CREEK-TP SCHOOL BOARD APPEALS VERDICT

The board of education of Sugar Creek township has appealed to common pleas court a judgment for \$128.50, granted E. C. Shenk against the board, in a suit for damages for an automobile claimed to be damaged by a contract for hauling children to school.

Schenk sued to collect an amount of \$128.50, to 37 days of work at \$3.50 a day. The work was done in 1918 and 1919, he avers.

Because W. R. Price, justice of the peace of Sugar Creek, was a member of the board of education, the case was heard before Justice Baxter of American co. In justice court, Sherk secured a verdict in the entire amount of money asked for.

PATROLMAN KINZER IS MADE ROUND SERGEANT

To temporarily fill the vacancy created by the resignation of Sergeant John Goshel, Chief Roush has appointed Patrolman Frank Kinzer, Kinzer assumed his new duties immediately. Under the new appointment was made, Kinzer was on a beat. His beat is now being patrolled by Charles Billestin, former detective, who requested that he be placed in a uniform.

It is not known at this time whether Kinzer contemplates taking the sergeant's examination.

MACHINE STOLEN

Altho he purchased his new automobile not more than a month ago, O. H. Martz, telephone operator for the B. & O. railroad, minus it now. The machine was parked between the Public and High-st on Main Tuesday. It was stolen during the afternoon.

GOOD ROADS MEETING

The Allen-co Good Roads Council will hold a regular meeting July 18th at the Chamber of Commerce Auditorium. Reports will be received from all presidents of the boards of trustees, J. Leonard Johnson, secretary of the Chamber of Commerce, announced Wednesday.

Interviews--- Ideas and Fancies

JUDGE EMMETT JACKSON: "You can't blame a judge of a municipal court for looking like a working man. By the time he passes on all the cases and does his other routine work besides he has done almost a day's work. May, July 15 this so on Monday, last Monday I was busy all morning on court cases and most of the afternoon on other business. One good thing is that it is not necessary for me to dress up. I can dress for comfort and get all the pleasure possible out of the things I have to do."

DON FAZE, Barber, 136 E. High-st: "I don't mind shaving a man who goes to sleep in the chair as long as he does it snore. When I snore in front of my razor and get them out. You would be surprised at the number who sleep or at least doze while in a barber chair. Most of those who sleep do so while being shaved. I suppose, it may be that the reason why barbers talk so much is to keep their patrons awake. Still, most barbers like to talk because of the interesting things they can learn from those who visit their place of business."

A. H. STOLZENBACH: "I am anticipating three very enjoyable days the latter part of this week when I attend the convention of the Quaker Million club of the insurance company I am connected with. The convention is at Philadelphia and is attended by all those who have written at least a quarter of a million dollars worth of insurance. Both my partner and myself will be there. Plans have been made to take us over to Atlantic City for a little while and initiate at the 'national's' playground."

JUDGE EMMETT J. JACKSON, of criminal court: "It seems a shame that Lima hasn't a desirable substitute for the 'pole swimming' hole, where not only the youngsters of the city, but the grown ups, as well, might enjoy a daily plunge. I favor night swimming, swimming pool. Two if possible. Place them so they would be accessible to the people of all parts of the city. Other cities have them and in a great majority of instances they are self sustaining, made so by a nominal admission charge. If we can't have a municipally owned pool, then I hope that in the immediate future, private interests will install one. But I believe we should have one by all means."

JOHN MACK, chief of the fire department: "The day is coming and it is now near at hand, when shingle roofs will be a thing of the past. It would be a good thing to forbid shingle roofs. They are a fire hazard and are really more expensive to the property owners than other roofs which are fireproof. A slate roof may cost more to place, but it will outlast shingles. Lima has a low fire rate, but even this could be still further cut down by the elimination of shingle roofs."

15 WITNESSES IN JURY PROBE

Inquisitorial Body to Go Into Action Again Monday

The April grand jury will reconvene Monday in adjourned session, to act on cases which will come up for investigation from police court. Prosecuting Attorney E. T. Lippincott issued subpoenas Wednesday for fifteen witnesses, who will testify before the inquisitorial body.

But one day was consumed in the grand jury's deliberations, Lippincott says. Among cases which will be considered will be that of Allice Butler, former Shawnee-twp school board clerk, against whom there is charged a shortage of funds.

An indictment for embezzlement was notified against Beeler shortly after the session of the April grand jury, because of clerical error in drawing the indictment. The same body of men will make a second investigation into the case.

Cases of an alleged band of automobile thieves, including Walter Hooley, Kinzer and Aldrich, arrested some weeks ago; Norman Fleming, arrested for horse theft from William Schumaker, a Bluffton farmer; Frank Barber, Beaverdam farmer, charged with assault and several other police cases will be under investigation.

GEORGE COBB FUNERAL SERVICES ON THURSDAY

Funeral services for George W. Cobb, 76, who died Tuesday, will be held Thursday at two o'clock at the residence of his grand-daughter, Mrs. Ralph Marsh, west of Woodlawn cemetery. The Rev. Warren L. Steeves, pastor of the First Baptist church, will officiate. Interment will be at Woodlawn.

Mr. and Mrs. Jacob Cobb and Mr. and Mrs. William Cobb, grand-children, came Wednesday from Hot Springs to attend the funeral.

The body will remain at the Schuler mortuary until 9:30 o'clock Thursday, where friends may view it.

H. S. BALES DIES HERE; FUNERAL AT NAPOLEON

Henry Sherman Bales, 53, 78 Chester Place, died at his home, Wednesday morning, after an extended illness from a complication of diseases. He is survived by his wife and three children, Mrs. W. R. Fletcher, Detroit; Mrs. P. R. Donaldson, Leipsic and Marcus Bales, residing at the parental home. Bales was a member of the I. O. O. F. lodge at Woodlawn.

Prayer services will be held Friday night at 8 o'clock at the residence. The body will be taken to Napoleon, Saturday morning, where funeral services will be held Saturday afternoon at 1 o'clock. Interment will be at Napoleon.

SEEKS TO REOPEN LIQUOR CASES

Mayor Probes Dismissal of Judy and Werner: Charges

BURKHARDT NOT SATISFIED

Claims New Evidence Has Been Placed in His Hands

An investigation of the recent dismissal of the two cases wherein men charged with selling and keeping liquor, escaped without coming to trial, was commenced Wednesday by Mayor E. A. Burkhardt.

The mayor is conducting the probe in person.

The two cases thrown under the spotlight are:

P. W. Judy, 289 W. Waynest, arrested June 27 on a warrant issued by Justice Wm. H. Guyton, and dismissed without hearing July 7.

Joe Werner, whose case was dismissed by City Solicitor Garling, because he considered the evidence held by the police to be insufficient.

MAYOR WANTS TO KNOW

Mayor Burkhardt held a conference with both Garling and Justice Guyton Wednesday, to learn why they had released the men.

The facts in the Judy case show that he was arrested June 27 by police armed with a warrant issued by Justice Guyton, and on complaint of Chief of Police O. J. Roush.

James McDonald and Grover Major were arrested at the same time, coming from Judy's house. Both men plead guilty and were fined \$100 each.

Judy plead not guilty on arraignment and was released on bond of \$500. July 7 his case was called and on motion by Attorney William Sulton, counsel for the defense, the case was dismissed.

PROSECUTION FALLS DOWN

No witnesses were present and no one representing the state was present to prosecute. Under the circumstances, Justice Guyton claims he had no other course open but to release the defendant.

Chief Roush is said to have told Mayor Burkhardt that he was not notified of the date of trial. Solicitor Garling explains his absence by stating that it is the duty of the prosecutor's office to handle cases in justice court. Justice Guyton declares anyone who desires can represent the state before his court, and that it isn't up to him to be both judge and prosecutor.

Mayor Burkhardt is seeking means to reopen the case in criminal court. New evidence in the Warner case has been placed in the hands of the mayor, that official states.

It may lead to reopening the case.

VOTE CALL COSTS \$3,000 A DAY

Figures Given on Street Car Situation in Cincinnati

CINCINNATI — (By Associated Press) — The filing of petitions for a referendum on the new street car franchise will cost the car riders of Cincinnati \$1,500 a day during the months of August, September and October, and \$2,000 a day thereafter.

The figures are based on statistics showing that an average of 500,000 cash fares are collected daily.

The referendum petitions automatically suspend putting in effect the new ordinance, under which fares would have decreased one half cent on August 1, and another half cent on November 1.

The ordinance will be voted on November 8, but even if it should be approved by the voters, notice of the fare reduction could not be given until November 15, under the procedure prescribed by the ordinance, and the actual reduction would not go in effect until December 1, so the loss in November will be \$90,000.

City officials also call attention to the fact that the reduction in fares to school children, which was due to go in effect on Thursday, July 14, is halted.

FORGERY BASED ON USE OF "COL."

Roosevelt's Title Leads to Suspicion of Mrs. Burkett

NEW YORK — (By Associated Press) — Use of the abbreviation "Col." in what purported to be the signature of the late Theodore Roosevelt is one of the reasons for the preferring of a charge of forgery against Mrs. Emma Richardson Burkett, of Hillsdale, Ind., who has been trying to collect \$69,900 from the estate of the late Roosevelt.

The charge was made by the grand jury at Chicago in 1912 by Charles J. Shunston, whom she described as a former Rough Rider.

Assistant District Attorney Doelling, of New York, who has been investigating the matter in behalf of the Roosevelt family, said today that members of the family told him the colonel never used the title in his signature.

Investigation also revealed, Mr. Doelling said, that Mr. Roosevelt went without sleep for 55 consecutive hours while in Chicago in 1912, that members of the family were with him through that period and that none of them saw him sign a document of any kind.

Search of rosters of the Rough Riders has failed to disclose any Charles J. Shunston. Mr. Doelling says.

The New York police have asked the Hillsdale police to arrest Mrs. Burkett.

FRAUD CHARGED IN REALTY DEAL; SUIT TO SET ASIDE DEED

Attempt to cheat and defraud them out of their farm of 60 acres, located in Perry-twp, is charged by Robert R. Spear and Bertha N. Spear in an action filed against Ezra and Mary C. Place, Lima, in common pleas court, late Tuesday.

The Speers traded their farm for property owned by the Place's at 541 E. Eureka-st and at 700 W. Kirby-st. Claim is made their farm was valued at \$14,516 and that the Lima property was reasonably valued at \$5,000 less. The exchange of property was consummated on even terms.

The Speers charge that not as much rental for the property was secured as was claimed and that street paving assessments were not paid, as claimed.

The Speers ask the deed to their farm made to Place be set aside and that chattels thereon be restored to them by the court.

ILLINOIS DOCTOR PREFERS BEING AMERICAN CITIZEN TO HOLDING SWISS TITLE

CHICAGO — A job as baron is likely to go begging because Dr. F. M. Trethar-Drosten, of Aurora, Ill., would rather be an American citizen than have a title. He explained this to his father, Baron Trethar-Drosten, owner of a trans-Pacific fleet and a resident of Switzerland, died, leaving him the title and three million francs.

"They can keep the title," the physician said. "I am an American citizen and I like it." He has sent an attorney to collect the money.

MATERIALS SOLICITED IN AID OF INDUSTRIAL WORK AMONG CHILDREN

Industrial work among the children at the three playground centers maintained by the Child Welfare association is being hindered by a lack of materials, according to Mrs. Frank Shumate, chairman of the committee in charge of the work.

There are two ways in which this material can be secured. It can be purchased, at considerable expense, or it can be donated by the people of Lima. As funds at the disposal of the association are rather limited, an appeal is being made for donations of material for their needs.

Things particularly needed right now are magazines, yarn, old beads either strung or unstrung, organza for artificial flowers, goods for doll clothes, pictures for scrap books, bright colored wall paper for paper doll houses, cardboard and thin boards for doll saw work. Most people have many of these articles in their homes, which they have no use for, but dislike to throw them away. If they can be secured, the playground work will be aided and considerable money will be saved for other needs.

All those having materials of the character noted above are asked to call Main 6393 and arrangements will be made to get it. It may also be left at the Child Welfare offices at Memorial Hall.

ELKS CLAM BAKE SEPTEMBER 14

Tenth Annual Event For Members of Lima Lodge

Clam chowder and other sea foods galore, with entertainment stunts of both usual and unusual interest, are promised for the tenth annual Elks Clam Bake, scheduled to be held Wednesday, September 14.

Delegation from Detroit, Chicago, Pittsburgh, Cleveland and other cities are expected to be present for the event, which is to be one of the largest clam bakes ever held at an inland point. The Columbus glauc club is to be here with a delegation from the lodge in that city.

CAR LOAD OF SEA FOOD

Delegations from Detroit, Chicago, at 8 a. m. The members will then proceed to the place of the clam bake. Several parks and groves are under consideration but no definite selection has been made as yet. At 9 a. m. breakfast of clam chowder will be served and then the program of entertainment will begin. There will be basketball, swimming and water polo events, airplane stunts, band concerts and songs by the Elks Male chorus.

It is hoped to have present Governor Harry Davis, Attorney-general John G. Price, John G. Emery, commander of the American Legion and Adjutant-General George Florence and Grand Exalted Ruler W. W. McLaughlin of Toledo.

Preparations are being made to accommodate at least 3,000 and a car load of sea food has been ordered. Those in charge of the plans are J. H. Kauffman, Exalted Ruler; Hester Steigle, Elks Ruler; Julius Callahan, Charles Steigle, I. N. Pangle, J. V. Beall, William J. Reiz, Perry Ford, Edward Crevia, W. E. Nye and Walter Weese.

WILL ATTEND CONVENTION

Lima Elks will be well represented at the State Convention B. P. O. E. at Cedar Point, from August 23 to September 2, inclusive. Not only will the regular delegates be present at the entire convention, but a special train will be run from this city on either Wednesday or Thursday of convention week, bearing over 500 local Elks to the festivities.

Included among those on the special train will be the marching club, Elks band, baseball team, male chorus, Elks fiddler band and many members and their families. The feature of the big day of the convention, which will be practically "Lima Day," will be a parade and the local organization will be well represented. The baseball team will meet another strong Elks team in the afternoon. The special train will be completely fixed up for the comfort of the travelers. There will be a special refreshment and lunch car attached.

Arrangements are in charge of a committee headed by Carl Redderson. Associated with him are J. H. O'Connor, Glen C. Webb, Col. John A. Harley, J. W. Beall and J. A. Carpenter. The committee was in session Wednesday afternoon, to complete plans for the trip.

EARL LIBERATED

Returned to Home in Cork by Kidnapers

CORK — (By Associated Press) — The Earl of Bandon, who was kidnapped by Sinn Feiners early on the morning of June 21, was brought back to Bantry last night by his captors. The aged Earl, for whose safety there had been some concern at various times, was uninjured.

Since the kidnapping a constant search for the Earl had been kept up. Later, however, it had been indicated that as "an earnest of good faith," the Sinn Feiners would release him.

The Earl of Bandon has long been prominent in County Cork, having been the king's lieutenant of the county since 1874. At the time the Earl was kidnapped, his home, Castle Bernard was set afire and virtually destroyed. The raiders locked Lady Bandon and the servants in a room adjoining the stables and they were not injured. The Earl owns about 41,000 acres of land.

TWO MEN DIE FROM SEWER GAS IN PUMP PIT AT ST. MARYS

ST. MARYS — Vernon V. Row, 43, married, and Curtis Boroff, 35, married, lost their lives Tuesday in the pump pit at the sanitary sewer pump in the city of St. Marys.

Charles E. Selby, service director, had a narrow escape.

While adjusting a valve in the pump pit, a plank on which Row was standing, tipped and he was precipitated into ten feet of sewage 20 feet below, where he was quickly overcome by sewer gas. Boroff went to his assistance and was also overcome by the gas and died.

In an endeavor to bring the men to the surface, Selby was overcome and was barely able to drag himself out of the pump station. The bodies of the men were removed from the pit an hour later by the fire department, and the use of a pump motor resorted to, without success.

Howe is survived by his wife and three children.

NEW ADMINISTRATOR FOR LYMAN ESTATE

Because of resignation of Ralph Siferd on July 1, as administrator of the estate of Edward J. Lyman, who died March 11, last, Michael Shaffer was appointed in probate court Wednesday, in his stead. Lyman left his widow, Mrs. Malissa Lyman, 303 S. Harrison-ave and four children, Elsie, 16; Thelma, 15; Franklin, 12 and Helen, 10. The estate consists of \$2,000 in personal property. James Zimmerman, Frank Killian and W. C. Brennan were named appraisers.

HAND INJURED, SHOP WORKER DIES SUDDENLY

Maurice C. Mercier, 67, of 234 W. Vine-st, helper at the Lake Erie Western shops, died suddenly Wednesday morning at his home. Some time ago Mercier suffered an injured hand, which apparently gave him little trouble. The pain became him on Wednesday, and he died shortly after being stricken.

Besides the widow, he is survived by a daughter, Mildred, residing at the parental home. Mercier was a member of Lima camp of Modern Woodmen of America.

Funeral services will be held Friday at 2 o'clock at the residence. Interment will be at Woodlawn.

PLANS FORM FOR NEW MOOSE HOME OPENING

A "Made in Lima" exposition representative of those things that are manufactured in this city will mark the formal opening of the Moose home now under process of construction on W. North-st. It is the plan of the promoters to make the campaign a boost for Lima products. The exposition will probably be held as soon as the new home is completed. It is expected that the structure will be ready by the middle of August.

MRS. KALT RECOVERING

Mrs. J. P. Kalt, 216 1-2 E. Market-st, who was operated on at St. Joseph's hospital, Fort Wayne, is recovering nicely and was able to be brought to her home, Tuesday evening.

ELKS CLAM BAKE SEPTEMBER 14

Tenth Annual Event For Members of Lima Lodge

CAR LOAD SEA FOOD ORDERED

Many Local Lodgements to Attend State Convention

Clam chowder and other sea foods galore, with entertainment stunts of both usual and unusual interest, are promised for the tenth annual Elks Clam Bake, scheduled to be held Wednesday, September 14.

Delegation from Detroit, Chicago, Pittsburgh, Cleveland and other cities are expected to be present for the event, which is to be one of the largest clam bakes ever held at an inland point. The Columbus glauc club is to be here with a delegation from the lodge in that city.

CAR LOAD OF SEA FOOD

Delegations from Detroit, Chicago, at 8 a. m. The members will then proceed to the place of the clam bake. Howe is survived by his wife and three children.

"KING AND QUEEN" OF DOPE PEDDLERS ARE ARRESTED

TOLEDO — Herbert and Mamie Sackery, alias Foote, negroes, termed by federal officials "the king and queen of Toledo dope peddlers," were arrested and a large quantity of narcotics were seized in a raid on the Sackery home here late last night.

In addition to a large quantity of morphine and cocaine in bulk found in the house, nearly five hundred morphine capsules were found in a bag taken from the woman at police headquarters.

The exact amount of drugs seized had not been measured today but federal officials said they would exceed \$2,000 in value.

DEATH OF INFANT

Mary Margaret Dell, 15-day-old daughter of Mr. and Mrs. J. H. Dell, St. James-ants, W. Spring-st, died at the family home Tuesday afternoon, after an illness since birth. The parents and a brother survive. Services were held Wednesday afternoon at the residence and the small body was laid to rest at Gethsemani.

GOLD, OIL DRAW GREAT HORDES

Fortune Seekers In Rush To Arctic Lands

NEW METHODS ARE USED

Mounted Police Control "Jumping Off" Places

EDMONTON, Alta. — (By Associated Press) — The rush to stake all claims in the Fort Norman, Northwest Territories, fields has begun in earnest and each day now sees the tide of fortune seekers sweeping northward from Edmonton, Fort McMurray, Peace River Crossing and other points. The marchers also include scores of experienced mineral prospectors bound for the sub-Arctic in quest of gold.

Every town, hamlet, trading post and river is equipping itself with activity of men striving desperately to be the first into the Arctic with the breaking of the ice in the Great Slave Lake. Not since the gold rush of 1897 to the Klondike and Alaskan gold fields has there been such an immense migration.

NEW METHODS

But the odyssey of the Yukon is being rewritten in the present rush in terms of modern transportation. The oil seekers making their way north travel in modern sleeping cars to the end of the northern railways and thence in comfortable river steamers and motor launches. One Canadian oil company is sending its scouting parties into the territories in all motor airplanes.

The moment the travelers leave the river highway, however, he is face to face with the still unconquered north. Portages must be negotiated with great hardships for those who are transporting heavy oil machinery. They get a taste of the once frightful "Edmonton trail" to Dawson city — the grimest joke of the gold-seeking northland, where men died by the scores or went raving mad, and where the survivors who finally struggled to the north, arrived at the Alaskan goldfields one or two years late.

LEARNED PERILS

But men have learned the perils of the north since then and have taken advantage of the experience. Royal Canadian mounted police will not permit persons to leave the "jumping off" places in the north this time unless they are physically fit, properly equipped for a year's stay in the north country, and well supplied with funds.

The two chief points of entry into the north are Peace River, about 300 miles northwest of Edmonton and Fort McMurray, almost as equal distance due north.

LIGHTING SYSTEM IS PROTESTED

E. Market-st Property Owners Seek to Stop Work

Discovery by E. Market-st real estate owners that the boulevard lighting system being installed by the city is to extend east on that thoroughfare to Bellefontaine-ave bridge, was the cause of a protest filed at the city hall Wednesday.

The lights are to cost approximately \$150 per post and there is to be a light every 100 feet; this will make the cost to the owner about \$1.50 per foot front, it is claimed.

The cost is claimed to be too great and a number of owners are seeking a way to compel Service Director Elmer McClain to desist in his intention of proceeding with the work.

"There is nothing I can do but go ahead," McClain told C. G. Mosher, of the East Iron & Machine company, Wednesday. "Council has ordered the work and the contract is let."

Mosher wishes the lights installed it is stated, but was acting for others who are opposed to the improvement, on the ground of expense.

MRS. MARY HOLMAN IS SUMMONED FROM LIFE

Mrs. Mary Holman, 82, widow of William Holman, died Tuesday afternoon at her home, south of Lafayette. Death was due to dropsy, after an illness of five years. Surviving are two daughters and five sons. Daughters are Mrs. Loretta Smith, Harrod, and Mrs. Zelma Dupler, Lafayette. Sons are Noah Holman, Harrod; Newton Holman, Ada; Norbert Holman, Shelby; David Holman, Lafayette and Norval Holman, Lima. Surviving brothers are Aaron Fisher, Lima, and Cornelius Fisher, Logansport, Ind.

Funeral services will be held at the Fisher church, south of Lafayette, Thursday at 9:30 o'clock. The Rev. D. H. Brooks, pastor of the Lafayette Lutheran church, will officiate. Interment will be in the Fisher cemetery near the church.

NEIGHBORHOOD QUARREL COSTS WOMAN \$10 FINE

It cost Mrs. Mary Clemens, of Yoder, \$10, and costs to settle a neighborhood quarrel.

Two women according to the story told in Justice W. E. Guyton's court, entered into an argument. Mrs. Lydia Shaw, charged Mrs. Clemens struck and wounded her. She preferred charges against her.

Mrs. Clemens pleaded guilty when arraigned before Justice Guyton and paid a fine of \$10 and costs.

ENTERTAINMENT INSURANCE MEN

Oscar N. Young, district manager of the Ohio State Life Insurance Co., with offices in Lima, will entertain some sixteen agents of the company at his district headquarters at the Elks club tonight in charge of the western district of this state. Matters relating to the business of the concern will be discussed.

SAVINGS TALK NO. 23

Has no terrors for the thrifty systematic saver who saves when young and when his earning power is at its best. And when his earning capacity wanes, and when old age begins to show its face, he can meet it with a smile. Prepare for it now when young.

5 Percent Interest

allowed on Savings Accounts. We also issue 5% Certificates for sums of \$100 or more.

Resources Over \$3,500,000.00 Capital and Surplus Over \$600,000.00

The Citizens Loan & Building Co.

Citizens Building 209-11 N. Main St. Lima, O.

COMPANY C GOES TO CAMP PERRY JULY 23

Company C, Second Ohio Infantry, the Lima unit of the National Guard, is scheduled for two days of special entertainment while they go to camp at Camp Perry, July 23.

Company C is a subdivision of the first Ohio brigade with headquarters at Cleveland. The brigade is planning a special celebration in Cleveland during the camp period, which will continue for two days, their 125th anniversary.

The Lima company has been invited to take part in this celebration and will be the guests of the Cleveland organizations.

Company C will spend two weeks at Camp Perry, beginning July 23. The company has been recruited to its full quota of 70 men and officers.

JUDGMENT CONFESSED

H. H. Starrett and Mrs. Gertrude Payson Starrett, confessed judgment on Wednesday, in common pleas court, in favor of the Lima Trust company for \$442.70 debt, with interest, on a note.

Beesch's Serves You Best

FEW CHANGES IN NEW AUTO LAW

Lighting Apparatus Affected For Most Part

IS EFFECTIVE IN AUGUST

Chief of Police Roush Studies New Measure

Many automobilists in this section of the state will be required to purchase new lighting apparatus for their vehicles when the newest of Ohio auto laws goes into effect. It is scheduled to govern the situation after the early days of August.

Brakes of sufficient dependability to allow a car to be handled in the most precarious situations are also required by the new law, under penalty ranging from \$25 up.

OLD STATUTES REVISED

A revision of the old statutes governing the matter of light and brakes on automobiles is practically what the new law amounts to, according to Chief of Police O. J. Roush, who declares that there is very little change in his opinion.

The new law pays especial attention to bright lights and spot lights. It limits the use of spot lights to the part of the road to the right of the middle of the course the automobile is taking. It also requires headlights on trucks to be visible for a distance of 200 feet, besides lighting up the road ahead for a distance of 100 feet, making all objects for that distance perfectly visible.

On automobiles retracting lenses, dimmers and the like that have been approved by state authorities will be the only kind tolerated on Ohio roads.

No bulbs of more than 32 candle power will be allowed on any machine.

USE OF SPOT LIGHT

Direct rays of light such as those that come from spot lights or other lights which cast beams in a straight line ahead will not be allowed to be used if more than three and a half feet above the ground. Roush declares that the changes made in the new law are hardly noticeable and will affect but little the traffic regulations of the city at present.

1,500 PAINTERS RETURN TO WORK ON OLD SCALE

CINCINNATI — Fifteen hundred union painters who have been on strike here for fourteen weeks, announced today that they would return to work at their old wage scale of 87 1-2 cents an hour. Their original demand was for \$1.23 an hour which was reduced to \$1 an hour but still the employers refused to accept. The demand that no brush wider than four and a half inches be used was dropped as was the demand for double time for using the spraying machine.

HIGH COST OF EXPERTS REQUIRES FINANCE MEN OF CITY TO DIG DEEP

How the "high cost of experts" is doubling the expense of city operation almost yearly in Lima will be shown Wednesday night, when the budget for the 1922 sinking fund is presented to the finance committee of council.

During 1921, the sinking fund trustees had to skimish about to raise \$116,364.63. Next year they must raise almost twice that sum to meet the interest and retire bonds that mature. The amount needed in 1922 is to total \$204,985.22.

The figures will be presented to councilmen of the finance body by City Auditor David L. Rupert. Auditor Rupert will show that the expenses of the city are going to mount higher and higher as the interest on bonds issued to pay experts for sets of plans that may never be used, piles up and the principal eventually comes due. Estimated needs for 1923 will be even more, it is stated.

At the rate of increase in the requirements of the sinking fund board, in the next three years the total will amount to more than a million dollars.

The committee will be asked to consider where this money is coming from.

SEEK PERMIT FOR NEW ENTRANCE TO K. C. CAFE

Officers of the Knights of Columbus Lodge, have applied to Mayor Frank A. Burkhardt for permission to open an outside entrance to the dining room in the basement of the K. of C. building in W. North-st.

At present the public, to reach the cafe, is required to enter the building and pass thru the lobby.

The request is signed by G. W. Shanahan. Mayor Burkhardt will present the matter to council.

FIREMEN "FIND" ODOR BUT NOT THE SOURCE

Discomfort is being experienced by members of central fire department. Somewhere in a vacant lot across the street from the station there lies a dead animal. Dead, tho it be, it successfully eludes the search party which seeks it.

Frequently the gentleephyrs wait across to the station carrying on their wings the odor of the decomposing animal. Then the firemen shout for air and another searching party is organized.

PERU SCHOOLS LED BY YANKEES

American Professors Direct Entire Educational System

NEW UNIVERSITY CREATED

Men Were Chosen By President Leguia For Work

LIMA, Peru — (By Associated Press)—Virtually the entire educational system of Peru is now under the direction of American professors who were called here recently to complete an educational reform movement begun ten years ago.

The foreign educational experts are to develop the system, from the primary grades to the university, in accordance with the special needs of each section of the country.

Doctor Harry Erwin Bard, formerly, secretary of the Pan American Society of the United States and formerly connected with the Philippine educational mission, was chosen by President Leguia to direct the reorganization. Doctor Bard has been appointed general of education and under him are more than 20 American professors.

THREE REGIONS

The country has been divided into three regions. The regional directors are John K. Bredin, of South Carolina; William W. Andrews, of Massachusetts and Glenn L. Caulkins, of Washington; F. B. Spaulding, of Vermont, is director of libraries; L. M. Wilson, of Illinois, is director of examinations and studies and F. L. Crone, formerly director of the Philippine school system, is director of school house construction.

A new university called the University of Technical Schools has been created. Its branches are engineering, agriculture, pedagogical sciences, industrial arts and commerce. The last three branches are respectively under the direction of H. G. Lull, of Kansas; E. C. Phillips and Dr. William E. Dunn, formerly of the University of Texas.

Fourteen other American professors have been distributed among the secondary colleges.

WORK CEASES AS HEADS OF DEPARTMENTS JANGLE OVER HYDRANT POSITIONS

Dispute between the city safety and service departments as to the location of hydrants in Kildare-ave was ended Wednesday morning when Elmer McClain, service director, requested that C. M. Hendershott, Mayor Burkhardt's new safety and Chief Mack pick out the locations for the fire plugs.

A crew of men laying water mains in Kildare-ave for the water department, was forced to cease work until the locations for the hydrants were fixed.

CITY AUDITOR ALLAYS FEAR; "GHOST" IS TO PERAMBULATE AS USUAL

Fears and rumors among employees at the city hall that the "ghost" had fallen and broken a leg and hence was not to walk for the first half month payday in July, were set at rest Wednesday by Auditor David L. Rupert.

Altho funds are low, he stated that the payroll will be among the first matters to be considered by the finance committee of city council, which meets Wednesday night to consider Lima's financial plight.

Pay day will be late this time, however, it was stated. The 6th and 30th of each month are designated as city pay days, but in late years, in order to accommodate certain departments, the Auditor has frequently issued orders on the first and fifteenth.

STOLE HORSE HIDES. SENTENCED TO WORKS

Pleading guilty to a charge of petit larceny when arraigned in police court Wednesday morning, Herbert Leffler, 19, of 1024 E. Wayne-st was fined \$100 and sentenced to 30 days in the Toledo workhouse. He was taken to that institution Wednesday afternoon by Motorcop Glover.

Leffler was charged with having stolen two horse hides from C. C. Sherman. The hides were valued at \$6.

Leffler was arrested here Tuesday morning upon complaint of sister who alleges he took a necklace belonging to her and sold it for \$2.50. Police say Leffler is suspected to having been implicated in numerous petty thefts. Only the one charge was filed against him, however.

REPORTS OF VICE EXAGGERATED

Policewoman Tells Church Council of City Conditions

"Immorality is rampant in Lima, as it is in all parts of the United States, but many of the reports regarding conditions among the younger set are grossly exaggerated," Mrs. Amelia Van Guntlen, Lima policewoman, told the Lima Council of Federated Churches at the Y. M. C. A. Tuesday night.

In a supplementary report the civic committee of the council described conditions in and around the city. One of the Lima parks is a hotbed of immorality, according to the report and commercialized vice has been found in the city.

The council tentatively adopted the following program: First, the civic committee was given full power to investigate conditions and take whatever steps necessary to put a stop to immoral practices. Second, a campaign will be put on in each church of the city to awake the church members to the realization of their duties in the home with the hope that much of the trouble could be stopped at its source. Third, the parent-teacher idea will be given all possible support and a higher standard of morality among the younger generation made possible.

Other matters acted on by the council included the working out of plans for the Sunday afternoon services at Paurot Park.

THEY'LL BOTH ENJOY A REFRESHING PLUNGE AFTER SUCH A LONG HOT SPELL

DELAYED AGAIN!

DOUBTLESS there is question in the minds of many persons as to whether Main-st. of this city will ever be repaved. Surely there is good and sufficient ground for this state of feeling, in view of the fact that for several years and on various occasions attempts that have been made to bring about the much needed improvement have been without results.

Twice, after ordinances were enacted authorizing the improvement of the main thoroughfare, controversies arose concerning the kind and quality of the material proposed to be used and the manner in which the work was to be done, the apportionment of the cost and a few other things that served to block the improvement.

Sentiment again grew in favor of the plan and a third ordinance was enacted. Thus far it has escaped attack by warring material men and there has been no pressure brought to bear for the rescinding of the measure. However, just when it was expected that something tangible would come to pass in connection with the improvement of the street, an opinion is voiced by the city engineer that there is no possibility of the work being started this year.

The engineering department believes that the improvement cannot be made before next year and possibly not until in 1923. As a reason for this delay it is pointed out that necessary sewer construction, repairs on water, gas and steam heat lines, or their removal from the street to adjacent alleys, has not been completed; in fact, has not been started.

There is no question but that Lima's main street is an eye sore in its present condition. And it grows no better with passing time. Very little repair work has been done thereon, in anticipation of repaving. Improvement of Main-st. is a dream that has not come true. Its condition gives motorists a nightmare.

o o o o o

AIR RIFLE NUISANCE

ORDERS given the police to put a stop to the indiscriminate and careless use of air rifles by boys within the city is a safety first measure that the boys should recognize without being reminded of it.

Eyesight is more precious to one person than all the air rifles ever invented. Properly used, they are harmless to other citizens, but in the hands of careless persons, they become a deadly menace, almost as dangerous as firearms.

It is an inherent desire on the part of most any red-blooded boy to own a gun. In his boyhood days he begins with the toy pistol, which possesses only the appearance of a gun, with no noise or danger attached to it. Then comes the air rifle, with its leaden pellets that rattle against houses, mayhap break windows or sting the anatomy of a citizen in peaceful pursuits and often endanger his eyesight.

The English sparrow is legitimate prey for every small boy who can secure possession of an air rifle or a flobert gun. Like the average woman throwing a missile at the neighbors' chickens in her garden, the bullet from the gun doesn't always strike where intended, but frequently glances off an object and ends up where not intended. After damage has been done, regrets are useless. It is too late. It's a case of "those who play must pay."

It is eminently better for the boys to be safe than sorry. Killing birds is poor sport at best, but when it provides a menace to members of the human family, it is time to call a halt. Shooting in a populous city is dangerous business.

UNUSUAL BASE BALL STUNT

THERE are very few times in the life of the average base ball fan that he is accorded the privilege of witnessing the pitching of a no-hit game, amateur, semi-professional or professional. In fact, the incident is so rare as to occasion widespread comment, not alone in the community where it occurs, but far beyond, where the stunt pulling pitcher is unknown.

Such a performance was witnessed by several hundred people at the Murphy-st base ball lot Tuesday in a city league game between the Lions and Elks. Coming up from the bottom early in the season, the Lions are now pennant contenders. To Tom Cunningham, left handed hurler for the Lions, goes the credit for retiring the Elks in seven frames without a single safe hit.

While the south-paw was in the best of form, the support given him by his team mates was of such a high order of excellence that the only time there was danger of the Elks scoring was when men got on bases thru errors. In spite of the fact that wobbles produced danger, Cunningham pitched himself out of the light places. He did not issue a free pass, hit only one man and at no time should an Elk base runner have gotten beyond first base. Only once did an Elk purple cap reach the third sack.

That Cunningham had the Elks at his mercy was soon apparent. He pitched a brand of base ball that would do credit to a big league performance. Altho the opposing team has several men in its lineup who are members of the Lima Independents or who at some time in recent years played with that team, Cunningham disposed of them with apparent ease, either by strikeout or by grounders or easy flies, mostly in the infield. His record of strikeouts for the game was 11 of the total of 21 put-outs in seven innings.

KNOWING YOUR CITY

EARLY Tuesday evening a Lima business man stood at the corner of Main and High-sts, awaiting the arrival of a car. A stranger approached and respectfully asked to be directed to the Y. M. C. A. The business man hesitated, then admitted that he was unequal to the occasion.

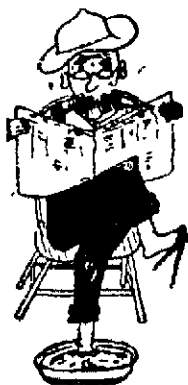

"I have been in Lima more than a year," the merchant admitted, "but I'll have to confess that I don't know where the Y. M. C. A. building is." The stranger asked two other persons standing nearby before he secured the desired information, and then it came from one who overheard the question and "batted in."

This incident is only a sample of many such occurrences. Most of us apparently think we know all we should know about our city, but it's a safe guess that many residents of Lima do not exhibit sufficient interest in the city to enable them to tell a stranger where to find the city hall or the court house.

Lima is no longer a small town. It is a big city and is growing. One often meets citizens who have resided here all, or nearly all their lives, who admit that they have never visited the factory section and could not tell anyone where to find a certain manufactory. Others will admit that there are many streets in the city they have never seen, much less knowing their names or locations. Many are amazed to note the progress that has been made in building residences in various parts of the city when they drive about.

No citizen should be so engrossed with his own affairs as to be positively dense concerning facts about his own city. It doesn't afford a good impression to strangers.

AS YOU LIKE IT

OLD SCISSORS SAYS:

When the conference on disarmament is held in Paris it might be well to search the delegates for concealed weapons.

They say whiskers are coming back into style but the rumor was probably started by those who already wear them.

What Sherman once proclaimed of war won him a lot of fame and what we have found out of peace, it's just about the same.

The Arabians have a proverb which reads as follows: They said to the camel-bird (ostrich), "Carry." It said, "I cannot, for I am a bird." They said, "Then fly." It answered, "I cannot, for I am a camel."

Unwillingness and the habit of making excuses is the cause of many failures in this world. The ostrich would not even try to carry and it would not even try to fly. Perhaps if its ancestors had tried, the ostrich would have been able to fly and also carry, but those ancestors sought refuge in excuses. It became a habit not to fly and not to carry, and the ostriches almost were a failure. Then women found out that ostrich feathers could be used as ornaments. They began to use these plumes to adorn and beautify themselves. Now the camel-bird or ostrich gets fed and lives a comfortable life, just because it has feathers.

Not such a stupid bird after all!

The Sunday edition of one of our leading newspapers published recently a photograph of myself and the distinguished gentlemen who were present when a degree was conferred upon me at the University of the Defunct, says a reader.

I regret to be obliged to state that the incompetent individual who was sent by the publication to snap my picture did so at the wrong moment. I took like an Alredale with a cigar humidor upon his head. It was my intention to face the camera men with my most intellectual expression upon my face. When I turned to do so I found that they had already taken me and were leaving!

As this was a most auspicious occasion in my life, I regret exceedingly that it was somewhat marred by the gross carelessness of the press photographers. The degree is only conferred upon scholars, scientists and professors of exceptional ability.

RELATIVITY.

Waiting till your train pulls out.
Often times you think, no doubt,
That your journey has begun.
That at last you're "on the run."
"Set" yourself to read the news.
Or to joy the rural views.
But, alas! you've not departed.
It's the train NEXT TO YOU—started.
That's relativity.

Wife's brother looks quite cute.
Dancing in YOUR full dress suit.
And your "black look" never bays.
Her dad's hand from YOUR cigars.
And her mother's destination
Is YOUR house for her vacation.
Einstein?—He is just a starter.
Every married man's a MARTYR—
—Sam Marley.

MISS LIMA: "It is really wonderful how earnestly the politicians are seeking to keep politics out of the selection of city commissioners! Really, hadn't you noticed it?"

JUST FOLKS—BY EDGAR A. GUEST

A SONG IN EVERYTHING

There is a song in everything,
In every little care that comes,
In babies as they suck their thumbs,
The tunes the brave canaries sing,
The mother's patient, gentle smile,
The glory of the after-while.
There is no sadness but is sweet
With fragrance, and there is no day
But spreads some beauty on life's way,
The dusty and the weary feet
Upon their homeward journey bring
Delights which loving hearts may sing.
There is a song in everything,
Lord, teach me this, from day to day,
To find beyond the hurt and care
Thy mercy shining everywhere;
Let me rejoice that children play,
And know when bitter tempests sting
There is a song in everything.

ABE MARTIN

Miss Pansy Lark was arrested yesterday for smiling at a halt. Even an accordion solo is music to the ears when it follows a banquet speech.

HERBS USED IN MEDICINES

A Manchester, England, paper urges the renewed cultivation of old fashioned medicinal herbs in English gardens. In the United States they have also come out of fashion as a feature of the small garden, altho they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Tonic of Medicinal herbs are used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for woman's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it.—Adv.

HEALTH HINTS

By William Brady, M. D.

BRONCHITIS FROM SINUSITIS
Old Doctor Bunkem's almanacs and that widely read biographical work "Letters of a Simp" have familiarized the public with the situation of the bronchial tubes and the very profitable delusion that these tubes are somehow susceptible to all varieties of season, climate and weather. But very few people know what a sinus is. In the first place, it requires fair intelligence to comprehend that there is such a thing as a sinus in the human body—and so Dr. Bunkem never mentioned it in his almanacs. Say what you will, the business of separating the simple from his change by the facile process of suggesting a bunch of symptoms for him and then giving him a take "guarantee" to cure, there's no denying that the Bunkem's know their clientele.

In every case of chronic or long enduring cough, especially when there is considerable expectoration mornings, the first thing to do is find out whether the trouble is tuberculosis—which can be determined only by careful, perhaps many repeated examinations of the chest with all clothing removed to the waist. To await the finding of tubercle bacilli in the sputum is to procrastinate unwisely, for lung tuberculosis should be diagnosed long before the germ can be found, in a great many cases. The next thing to do, if tuberculosis is positively excluded, is find out the state of the accessory sinuses of the nose. I am speaking now of chronic bronchitis, long enduring cough. There are four pairs of sinuses or air-spaces in the skull communicating with the nasal cavity and lined with mucous membrane like the lining of the nasal cavity and subject to similar inflammations and infections of that membrane. Any so-called "head cold" which fails to clear up completely within two weeks is probably prolonged by a complicating infection of one of these sinuses; particularly when the attack is accompanied by pronounced headaches or "neuralgia," or when there is a periodic excessive nasal discharge in the course of the trouble.

Many French soldiers who were supposed to have tuberculosis were found, on careful examination, to have cough and bronchitis from a sinus infection. Most of them got well soon after the sinus infection was remedied.

Children with trouble in the nose, sinuses or adenoïd region are pretty sure to have more or less cough and are often unsuccessfully treated for bronchitis without regard for the real origin of the trouble. Every child with a persistent cough should be given a careful nose and throat examination and proper treatment for abnormal conditions found therein.

In some cases of chronic bronchitis and cough found to be dependent on nasal sinus infections, the patients declare they have had no nasal discharge, no head pain and no other symptom pointing toward nasal trouble. Yet discovery of the sinus infection and its treatment brings relief.

Victims of chronic bronchitis need waste no time looking in bottles or boxes for a possible cure. Nor need they chase the will-o-the-wisp climate, so far as any question of cure is concerned. But they do need careful medical examinations and study to seek the origin of their trouble.

NEW ROGERS PLAY "UNWILLING HERO" SOON OUT

(By ESTHER WAGNER)

NOTHER Will Rogers photoplay on the way. This is "An Unwilling Hero," in which Will plays a traditional sort of tramp, a characterization in which he is peculiarly adept. His way of impersonating a certain shrewd, furtive and shiftless character is always sincere and convincing. He's one of the few actors who reveals his character's state of mind and thoughts, not merely his actions.

Well, about this "An Unwilling Hero." The tramp about whom we are speaking migrates south for the winter, arriving in New Orleans at Christmas.

There's a big party at a big house. Our tramp prevents the house being robbed by other tramps and is taken in to the dinner table and treated as a hero.

Afterward he is given a bed in a fine room. They are going to give him a good job on a plantation and "make a man of him," etc. But you know Will. He successfully evades the perfumed bath arranged for him, slides down the eaves pipe and without waiting to say good-bye to anyone, beats it up the road on his way to nowhere, whistling.

O. Henry's story "Whistling Dick's Christmas Stocking" is the basis for the picture. Mr. Rogers' interpretation of the role of Dick is claimed to be one of his finest characterizations. We'll see.

CHAMPION FIGHTER MAY WED ACTRESS

JACK Dempsey, heavyweight champion, is reported engaged to marry a movie actress named Sylvia Josephine. Never heard of her. The report, which remains unverified, originated in New York.

HERE'S FOUR STORIES IN ONE MOVIE

MARKSHAL Neilan is trying something new in the way of photoplay continuity in "Bills of Life." The picture will be in four episodes, each episode from a story by a different author. The first is from "The Bad Samaritan" by Thomas McMorris; the second from "The Man Who Heard Everything" by Walter Trumbull; the third from "Hop" by Hugh Wiley and the fourth from "Under the Gun" by Neilan's own story. Neilan says that the four stories have been so combined that the theme will be continuous from beginning to end.

ABOUT CONRAD NAGEL, PARAMOUNT STAR

CONRAD Nagel, who will be remembered as one of the husbands in "Midsummer Madness" is married and has a darling daughter, Ruth Margaret. His wife was formerly in the movies and was known as Ruth Helm. Nagel received a B. A. degree at Highland Park College, Des Moines, when only 17. He was a reader on "Clan-naid" since 1913. He appeared in movies first in the role of youth in "Experience." Now he is 25. His latest appearance is in Cecil B. DeMille's "Foot's Paradise."

THEATRE DIRECTORY

AT THE FAUROT: "The Great Day" with an all-English cast, is the Faurot's feature attraction today and Thursday.

AT THE SIGMA: Final times today, May Allison and a competent supporting cast in "The Walk-Offs" from the successful stage play by the Hattisons. Also comedy and News.

AT THE LYRIC: Oliver Curwood's "God's Country and the Law" is the feature attraction today at the Lyric theatre. Also a new Century comedy.

AT THE MAJESTIC: Earle Williams heads the cast in "The Purple Cipher" appearing for the last times today at the Majestic theatre.

Society News

IN compliment to Misses Ruth Graham, Pittsburg and Eugenia Selby, Marion, house guests of Miss Pauline Wemmer, W. Market-st., Miss Elfrida Spanngel, W. Market-st., was hostess to a coterie of friends at a delightful gathering at the Hotel Argonne, Wednesday.

During the refreshment hour, guests were seated at one large table. Adorning the center was a large basket, filled with garden flowers in pastel shades. Colonial dames in shades of lavender and yellow were used as place cards while nut baskets, in the same tones, were presented as favors. Yellow candles tied with tulle added a pleasing note.

Covers were laid for Misses Doris Cook, Helen Hughes, Eleanor Haw-laher, Muriel Newman, Betty Hay, Christine Binkley, Elizabeth Clark, Garnett Howell, Thelma Schlessler, Helen Hamilton, Pauline Wemmer, the honor guests and the hostess.

Monroe Lowitt, New York City, is the guest of Mr. and Mrs. A. Weixelbaum, W. Spring-st.

Mrs. Julius Wise, S. Cole-st., with Mrs. C. C. Nardin, Wapakoneta as assistant hostess, welcomed the members of the Bluffton Travel class and a few Lima guests at her home at 1 o'clock luncheon Wednesday.

Mr. and Mrs. B. Harley Holmes, Lakewood-ave., will entertain with an informal musicale at their home Friday evening for the pleasure of Miss Marguerite Zender.

Mr. and Mrs. F. G. Beard, Charleston, West Va., who have been the guests of their daughter, Mrs. Henry Stepleton left by motor for Toledo for a visit.

Warren Basinger, W. Springst, is in Michigan on a camping trip.

SOCIAL CALENDAR

WEDNESDAY.
East Side Welfare Association dance, Lincoln Park House.
Woman's Board of Managers of City hospital, annual picnic, McBeth Park 6 p. m.
Home Makers' Class of South Side Church of Christ, birthday anniversary, Mrs. Harry Wright.

THURSDAY.
Division No. 1 of Grace M. E. church, Mrs. Heryl Mowery.
Friday Afternoon Bridge club, Mrs. W. L. Ayers.
Mrs. Wallace King to entertain for pleasure of Elizabeth Rogers.
Young Woman's Missionary Auxiliary of Calvary Reformed church to entertain with a "Hi-O-Cen" Summer Festival, church lawn, 7:30 p. m.
Toujour Prete club, McCullough's Park, 7:30 p. m.
Blue Bell club, Mrs. Clarence Wright, McCullough Park.
Ladies' Day Shawnee Country club.

As an informal courtesy to her cousin, Miss Gertrude Cleaver, Everett, Wash., Miss Mary Parmenter, W. Market-st., welcomed a few guests at a prettily appointed 1 o'clock luncheon at the Shawnee Country club Wednesday. The hours following luncheon were enjoyed in music and cards.

Mrs. Frank Mueller and son Carl, Ft. Dodge, Iowa; Mrs. C. Z. Huenke, Mrs. Paul Kluge and daughter Margaret, and Mrs. Harry Kommink and son Louis, New Bremen, were the guests of Mrs. Charles F. Mowery, S. Broadway, and Mrs. Frank Kommink, S. Cole-st., Tuesday. For their pleasure a picnic at the City park was arranged in the evening. All were members of the L. S. club, which was organized some time ago, and whenever an opportunity offers itself, all gather to enjoy a meeting.

Mrs. Emil Levy, S. Charles-st., opened her home Tuesday to the members of her bridge club. At the conclusion of an afternoon of play with Mrs. J. R. Yearwood and Mrs. Harry E. Goldsberry holding high scores, the hostess served a daintily appointed tea.

Next meeting will be held in a fortnight with Mrs. Clarence Kluger. Members of the Home-makers' Club of the South Side Church of Christ will celebrate their birthday anniversary at the home of Mrs. Harry Wright, 817 Holmes-ave., Wednesday.

R. A. Zanone, Memphis, Tenn., a former resident of this city, is the guest of his mother, Mrs. F. J. Zanone, S. Pierce-st., for several days. In celebration of the birthday anniversary of Elizabeth Rogers, little daughter of Mrs. Edna Neely Rogers, Mrs. Wallace Kluge, Hickory Top, Shawnee is entertaining a group of little guests at her home, Thursday afternoon.

Members of the Lafayette club assembled in the Lafayette Park, Lafayette, O., Tuesday and enjoyed a pleasant gathering in honor of Mrs. Mary Umbaugh. At noon a delicious dinner was served, after which an interesting program was presented in which a group of little girls including Odette and Gineith Craig, Evadana and Mary McClure and Genevieve Greenwalt flavored with songs and readings. Mrs. W. E. Greenwalt presided at the piano. Mrs. Edward Holman gave some very clever readings and other numbers, showing much talent.

Next meeting will be held in City Park, Tuesday, August 9th. This will be an all day meeting in which the time will be devoted to sewing for the hospital.

For the pleasure of those who are enjoying the house party at the Henry Wemmer cottage, "Solitude," at Lake Ridge at the present time, Mrs. William Wemmer, W. Market-st., will entertain at 6 o'clock dinner at the Elks' Home, Friday.

For the pleasure of Mary Alice Cable, Washington, D. C., Mrs. George T. Glover, Lakewood-ave., entertained a group of little guests informally at luncheon at the Shawnee Country club Tuesday. A theatre party was enjoyed following the luncheon.

Guests included Holly Speer, Jane and Nancy Vail, Cleveland; Mary Blackwelder, Margaret Eleanor Jones, Jane Swan, Akron; Rebecca Mackenzie, Cory, Pa.; Margaret Glover and Mrs. Earl Swan, Akron.

Serge Folk, Leipsic, was the guest of Mr. and Mrs. Ross Mullen, N. Collett-st., Tuesday.

Nancy and Jane Vail, Cleveland, are the guests of their grandparents, Mr. and Mrs. J. D. Vail, Lakewood-ave.

Mr. and Mrs. Henry Deisel, Sr., S. Cole-st., left Wednesday for Cleveland, where they will attend the Bankers' convention. They will be the guests of Mr. and Mrs. Lynn B. Timmerman, Shaker Heights.

SOME BATHING GIRLS CAN SWIM, DESPITE BELIEF TO CONTRARY

Who said movie bathing girls could not swim? Here's one who can, or least she was a bathing girl once upon a time. The story comes from a very authentic source and tells all about the heroism of the well-known Marie Prevost. I am not sure whether this is the costume she wore when she did the deed, but I am sure that a lifesaver was not used. Marie is just carrying that for "atmosphere."

It was none other than King Baggot whom Miss Marie saved from drowning recently. It all happened in a tank on a well-known estate in Pasadena. It seems that Baggot's assistant fell into the tank, striking his head on the bottom. Baggot dived in to get the man out and he, too, struck his head and was rendered unconscious. Miss Prevost swam to her director's aid and managed to get him to the side of the tank, where he was pulled out by the cameramen and others.

Wait for the male vacationers: "Oh, if only all the life guards were Marie Prevosts!"

MOVIE SECRETS ARE REVEALED

Q.—What famous motion picture actress at the tender age of nine starred in the stage production of "The Fatal Wedding?"
A.—This was Mary Pickford's first stellar role. Although she had been playing in stock companies in Toronto, Canada, since she was five years old.

Q.—What motion picture actress is particularly well versed in domestic science?
A.—Domestic science and household efficiency are particularly hobbies of Alma Reubens.

Q.—What relation are Margaret Cullen Landis and Cullen Landis?
A.—They are brother and sister and both are married.

Q.—What did Mitchell Lewis do before entering movies?
A.—Lewis went into the movies from the stage. He appeared in a number of musical plays and also in the famous all star revival of "Two Orphans," in 1903. Following this he played in straight dramas with Faversham and in "The Servant in the House" and in "Everywoman."

He made a big success in the movies in his portrayal of strong, virile roles in Rex Beach and Jack London's stories. He left the movies for a year to play with Nazimova in "Ception Shows." Lewis appeared with Harold Lockwood and Viola Dana in their first Metro pictures.

Q.—What is Norman Kerry's real name?
A.—Now that the war is over we can reveal it. It is Norman H. Kaiser.

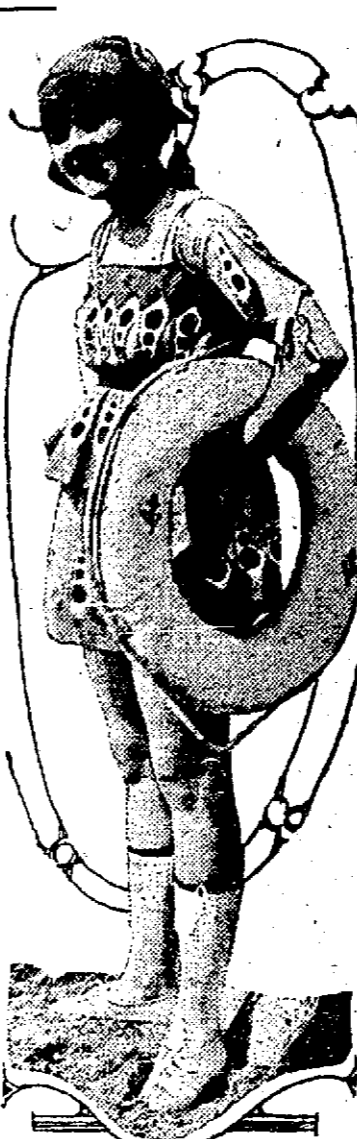

Do you want to be a movie star? So many of our readers have asked us how to get into the movies that we are going to tell you something about it tomorrow. The Movie Secrets Editor will answer your questions if you will send them to him in care of this paper, giving your name and address.

(Copyright, 1921)
The girls of the Young Woman's Missionary Auxiliary of Calvary Reformed church will entertain with a "Hi-O-Cen" summer festival on the church lawn Thursday at 7:30 p. m.

Mrs. J. R. Marshall, brother and family, Mr. and Mrs. George T. Warner, Mr. and Mrs. Samuel Havensstein and daughter, Mrs. Lassiter, are spending the week at Russell's Point.

Mr. and Mrs. Henry Mack and family, N. McDonel-st., are spending the summer months at Lakeside.

Mrs. Earl Swan and daughter Jane, Akron, are the guests of Mrs. T. D. McLaughlin, S. McDonel-st.

Marie Prevost

Oakland and Vernon clubs. Nobody bothered. "Kill the umpire!"

FASHION FANCIES

Dobbed heads lend themselves so readily to small hats that they encourage the artist to put his best efforts in all kinds and varieties of modes.

Constance Talmadge, with her fluffy short hair, has a passion for chic little hats. Her latest is a soft, semi-dressy, close-fitting chapeau of apricot kitten's ear crepe. The turned-up brim, its main feature, is designed in two sections, with the break on each side. The soft crepe of the brim is shirred, while the crown of the hat is almost severe in its plainness. Miss Talmadge wears this little hat very far over her eyes and clear down to the ends of the hair about her neck.

Mary Thurman and Harriet Hammond are supporting Roscoe Arbuckle in "Should a Man Marry?"

Lila Lee and Jack Holt are playing the leads in the new William De Mille production, tentatively called "The Stage Door."

Rehearing Denied In Browning Case

The Appellate Court of the District of Columbia recently denied the application of the Victor Talking Machine Co. for a rehearing of the Browning case. This case, which was decided affirmatively for Browning and his co-prosecutors, the Brunswick-Balke-Collender Co., involves the fundamental principles of the cabinet instrument, and bears also on the tone-modifying doors and the taper tone arm and sound chamber.

The previous decision confirmed Browning's claim to have been the first to disclose these elements in phonograph construction, evidence being based on a drawing made on the back of a dance program.

The Brunswick-Balke-Collender Co. and Browning, it is now announced, will prosecute applications for patents on the latter's invention.

By SUSIE SMART

TOO BAD IT ISN'T LEAP YEAR

"T'would Afford 'Margie' An Opportunity to Attain Her Heart's Desire

Dear Miss Smart: BELONG to a young people's organization, which meets semi-monthly. There is a young man who attends the meetings whom I have become very fond of. He accom-

panies me home from these meetings, but never asks me for any other engagements. I would like for him to come to see me and to take me out. What advances would you suggest? MARGIE

LEAP year has passed, "Margie" and besides, you know, it is the prerogative of the young man to make the advances. This is not the young girl's place. If you do not wish to cheapen yourself and lose the respect of the young man, refrain from making any advances or showing him that you care for him other than merely as a very good friend.

The fact that the young man has been kind enough to escort you from the meetings does not exactly indicate that he is especially interested in you. Doubtless he prefers your company, however, to that of any other member of the class, most probably, likes you as a good friend.

Since the young man is not too shy to ask your permission to accompany you home, he certainly would not hesitate to ask to call upon you or to take you to some place of amusement, because of bashfulness.

Do not do anything unwomanly or indiscreet for the sake of gaining more of his friendship. If you care to give a small, informal party and include him among your guests, that would be perfectly all right.

Dear Miss Smart: I am a girl 10 years old and want to arrange an attractive little party or a little tea for some of my friends. I would like to have something a little different and make them have a very enjoyable time. Would you please suggest decorations, invitations and other things? R. O. D.

A dainty little tea, which delighted some very young girls, who were just at the age when they love to put their hair up and pretend they are really grown, was indulged in long ago. Not only did the Misses pile their hair up, mother's switch might come in handy, but they powdered it as well and then dressed in their grandmother's best black silks, pretending they were dignified, elderly ladies.

In order that the colonial idea might be suggested in the invitations, you might have them read as follows: "Honoured Mistress Jane Blank:

Ye favour of your Presence is sought for . . . at early candle lighting, to meet and drink tea with your "Obedient and Humble Servant," "Mistress Doe."

Pink candles and shades of pink would be very pretty burning through the refreshment hour. Pink garden flowers or flowers of almost any kind could be used as a centerpiece, while nut baskets and other favors should be in pink to harmonize with the color scheme. The bonbons might be in the shape of pink hearts.

FATE OF ACCUSED BOY IN BALANCE

Dayton Lad, 9, On Trial For Playmate's Death

VICTIM FOUND IN POND

Hearing Ends Tomorrow—News Items From Ohio Cities

DAYTON.—(By United Press.)—The fate of Willie Stevenson, aged 9, who has admitted and denied killing his playmate, Henry Blevins, eight years old, hangs in the balance today. It will be decided tomorrow, with Judge R. W. Baggett presiding at the final hearing in juvenile court.

The accused boy has admitted to killing Blevins, but in open court he has denied the charges and stated he was not present.

Two other boys are involved in the case. They are Vincent Hall, and George Payham, also nine years of age. Hall declared he was not at the scene of the tragedy, but Willie and George both declare he was. Hall's father also said his boy could not possibly have been present. At the first hearing Judge Baggett thought otherwise and sent Vincent to jail until tomorrow. The other two lads are at the detention home awaiting final disposition of their cases.

After Willie admitted and denied the charge, his alleged "partners in crime" stated that Henry's body was stripped of its clothing, a rock tied to its hands and rolled into Blevins' pond, where the four had planned to go swimming. The body was found later in the water. The neck had been broken and then came the revelation that Willie, in a fit of anger, had struck his playmate with an iron bar, which he later threw into the pond.

BURIED UNDER COAL.

SANDUSKY, N. Y.—(By Associated Press.)—Charles Snyder, 57, laborer, was buried under a carload of material when he attempted to dump the load at a cement plant at Castana, near here. When rescuers reached him, he was dead.

KILLED BY BOLT.

BELLEFONTAINE.—Clarence Lavan, 50, was instantly killed by lightning while standing under a tree during a thundershower.

WOMAN KILLED.

YORKVILLE.—Mrs. Charles Otte, 40, Martin's Ferry, was killed and her husband seriously injured when an automobile in which they were riding overturned at the edge of the Ohio river which was hidden by weeds at the roadside.

KILLS SELF.

TOLEDO.—Joseph Richards, 25, farmer of St. Charles, committed suicide by hanging himself in a barn on the farm of W. O. Carr near here.

LEGION PROTESTS.

CINCINNATI.—Resolutions protesting against the appropriation of President Harding to the proposed soldier bonus bill and urging that congress speedily enact into a law the adjusted compensation bill, were adopted at a joint meeting of the Robert E. Bentley post and the Woman's auxiliary of the American Legion.

LIARS TO DEATH.

TOLEDO.—Alice Myers, Gibsonburg, leaped to her death from the Cherry street bridge into Maumee river.

INSURES FUNERAL.

TOLEDO.—To insure himself the cost of funeral he desired, George Reinhart, 56, left his entire estate to a Toledo undertaker.

NOTED EQUESTRIENNE

WINS DIVORCE AND HUGE ALIMONY SPEEDILY

OMAHA.—Justice wore the sandals of Mercury here in Circuit Court when Mrs. E. John Brandeis, noted Chicago horsewoman, was granted a divorce from E. J. Brandeis, Omaha merchant prince, within twenty-four hours. Mrs. Brandeis arrived here from San Francisco one Sunday evening and the very next evening left here for the coast—a divorce.

Cruelty was the cause of action. It served to win Mrs. Brandeis \$400,000 alimony and custody of her nine-month-old baby. There was no sensational testimony, no cross-examination of witnesses and no "hard feelings." Thus was justice enacted.

"Evie has been cruel and negligent to me," the young wife testified. "He has spent little time at home. He has spoken harshly and gruffly to me."

A maid corroborated her. That ended the testimony.

Brandeis, who is twenty-three, did not contest. The entire proceeding took only half an hour. Judge Wakeley signed the decree.

A certified check for \$50,000 was handed the newly divorced wife. She left the courtroom with her lawyers. Several hours later attorneys for Brandeis brought \$350,000 in securities to her hotel room. Just at dusk that night she began her trip back to the Coast.

Meanwhile Brandeis, who has never seen his child, announced thru his attorney he would take a year's hunting trip to Africa.

Neglect Keeps Doctors Busy

An eminent physician once said: "Were it not for neglect the early symptoms of disease, many doctors would have to find a new way to make a living."

Many winter doctors are busy calling on gripe and pneumonia patients because the first symptoms of colds were neglected.

Watch out for a cold this year. At the first sneeze and sniffle take Lightning Laxative Quinine Tablets. You'll stop the cold and feel like a new person in 24 hours. Never refuse or sicken. But this guarantee them—25¢ a box.

CHINA WAR TACTICS PROVIDES LUNCH TRUCE

SHANGHAI.—China should lead the way toward disarmament. For centuries warfare the Chinese evidently deserve a Nobel prize.

At Lo Wu where Chinese of the North and South are waging war against one another, the battle is postponed each day at noon to allow the soldiers to eat, according to W. E. Priestly, who recently returned from a trip to China. Asked if this particular hour wouldn't be a good time to attack the enemy, a general representing Sun Yat Sen, president of the Southern Chinese Republic, told Priestly such tactics would be unfair.

Priestly entertained the China Club of Seattle with accounts of this modern war.

"When the Chinese don't know where to shoot at their earthly enemies," said Priestly, "they fire bullets into the air, because they think the devil is up there and if they 'll the demon they believe they will get the cause of the war."

Priestly interviewed "Dr. Sun Yat Sen" while in China. He declared Sun Yat Sen to be the greatest patriot China ever produced, but doubts if he will ever be president of the entire republic, because he is true to his principles and will not cater to foreign powers.

DISTRICT SCHOOL JOBS ABOLISHED

Two Men Are Dropped From Pay Roll in Auglaize-co

WAPAKONETA.—(Special.)—Under the provisions of the Kunkel bill a change in the district school superintendency of Auglaize-co was adopted by the county board of education. District Superintendents J. C. Copeland and Ed. Rodeheffer were let out and the third, W. S. Idle, was retained as assistant to County Superintendent Glenn Drummond with a salary increase from \$1,900 to \$2,400. The change means a saving of \$4,000 to the county annually. J. C. Copeland, one of the retired district superintendents, is also county representative and has been drawing full time pay as school superintendent while serving in the legislature, it is asserted in record shows.

Co-commissioners adopted a resolution to issue bonds in the sum of \$6,000 for bridge work; \$5,000 for the construction of Water-st bridge over the Auglaize river here.

Sixty bids were received by Service Director R. H. Rogers for the city's new \$110,000 lighting system Tuesday. The announcement of the award will not be made until Saturday.

Township trustees and private individuals subscribed fund of \$60 to clean up Evergreen cemetery, where 200 of this city's pioneer residents are buried.

When he stepped from the witness stand after a verdict was returned against him in a suit involving the ownership of an auto valued at \$150, J. W. Burton, of this city, was arrested by Sheriff Ewing and held for Van Wert-co officials for petit larceny.

UNCORKED

BEAVERTON, Ore.—Wayne Wolf, six years old, complained of a sore throat. His mother took him to a physician. The doctor, after an examination, was puzzled and took an X-ray picture. A fair-sized cork, wedged in the lad's throat, was disclosed. Wayne finally admitted he had swallowed the cork several days previously, but said it hadn't bothered him before.

An operation was performed to remove the stopper.

WILL PREACH TO DEAF

Rev. C. W. Charles, general missionary of the mid-western Mission for the deaf, will preach to the deaf people of Lima at the Church of Christ, Friday at 7:30 p. m., using the sign language.

USE SALTS?

Yes, if it's the 'Ambition' Brand

Don't use the harsh, unpleasant, old-fashioned salts that's a punishment to your palate and stomach to take. Use WENDL'S SALT. A LITTLE OF IT MAKES THE NEW, pleasant, effervescent preparation that tastes so good and acts so quickly. Help drive the dangerous acid poison out of your system and you'll feel better.

Go to Enterprise Drug Co. today and get a big bottle of WENDL'S SALT. AMBITION BRAND, for sixty cents. If it doesn't do all we claim for it, your money back on the first bottle. Our charges try it for indigestion, biliousness, headache, constipation, gout and torpid liver.—Ad.

MEXICO DEMANDS PACIFIC ISLANDS

Group Controlled By America Is Claimed

EXCHANGE FOR CREDIT

Report Is Outlined Showing Base For Contention

SAN ANTONIO, Tex.—(By Associated Press.)—Contentions upon which Mexico may base her claims to coast of California in the Pacific Ocean, which are now occupied by Americans and are under the control of the United States, are summed up in a report made to President Obregon by General Anado Aguirre, sub-secretary of Agriculture and chief of the commission making a study of the islands according to an account in Excelsior, published in Mexico City.

The report declares that the claim of Mexico to the islands is indisputable, but that the Mexican government is willing for the islands to remain under the American flag in return for foreign credit, the amount of which was not stipulated.

Included in the group of islands is Santa Catalina, of which William Wrigley, Jr., of Chicago is the sole owner. Others are the Farallones, San Miguel, Santa Rosa, Santa Veracruz, Anacapa, Santa Barbara, San Nicolas and San Clemente.

ARGUMENTS OUTLINED

The arguments of General Aguirre in favor of Mexico's claims to the islands, as published in Excelsior, are:

"The United States is not occupying them by right of discovery, because they were discovered in the 16th century by the Spaniard navigator Cabrillo, who gave them the names which they now bear."

"They are not occupied by right of purchase, as Mexico has never sold them to any person or nation."

"They are not occupied by right of conquest, for they were never conquered."

"They are not occupied by right of territorial jurisdiction, because the international code of the United States sets the principle that the territorial jurisdiction of a nation cannot extend farther than a league from shore, and the islands in question are at a greater distance from the shore of the United States."

"The international code of the United States rejects the right of conquest by stating that not all territory conquered belongs to the conqueror, but only that part assigned by definite stipulations of duly authorized treaties."

CONSTRUCT LARGEST BUILDING IN ORIENT

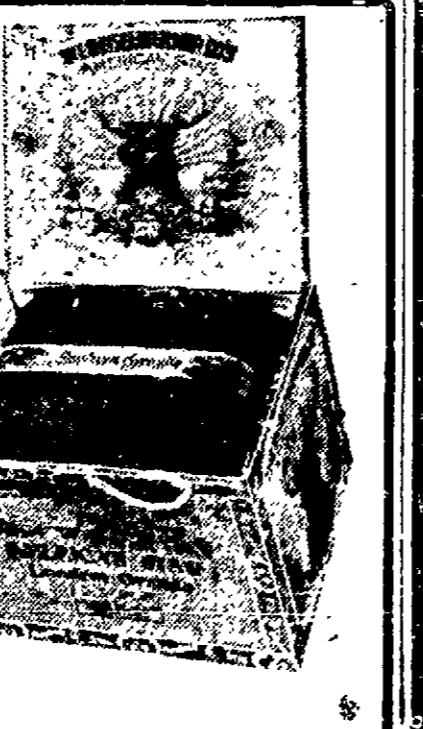

TOKIO.—Construction work on the new Mitsubishi Building, which is to be the largest building in the Orient, will begin in Tokio within the next few days. The new building will not only be the largest building in Japan, but will also be the largest office building between the Suez Canal and America. It is to cost \$4,000,000 and will face the Tokio station plaza.

REFUSES TO WORK. BUT DANCES PRETTY

KANSAS CITY, Mo.—This narrative deals with the "meanest" man.

Her face registered extreme weariness; her shoulders were stooped and she looked as though she would soon drop from sheer exhaustion, as she walked into the office of W. J. Burke, attorney for the Free Leg! Aid Bureau.

"My husband has not worked for months," she started, on one of the common "regulation" pleas which are heard daily at the bureau. "He is a plumber and able to work."

"I work to support my three children and keep them in school. I prepare lunches for them to carry, and my husband takes their food. I do not want to sue him, because of the children, but I am at the end of the road."

"Last night he wanted to go to a dance, as usual. I had only one pair of silk stockings—the first I ever owned. He found them and cut off the tops, so he could wear them to the dance."

The attorney told the woman to secure a non-support warrant.

A GRAVE THEFT

BIRMINGHAM, Ala.—However pitiful a tale of woe may be advanced and regardless of the urgency of action, T. A. Ridout, undertaker, is not going to take anybody's check for a coffin—especially when some change is forthcoming.

J. W. James' baby had died, the banks were closed, and a coffin was needed by the next express. Ridout obligingly took his check for \$75 and gave him change from a \$50 coffin. The coffin was unclaimed and Ridout is out \$25.

FIGURED VOILES

Qualities selling last year at \$1.25 per yard. 40 inches wide

COLORED ORGANDIES

Our regular \$1.25 plain colored Organdies guaranteed permanent finish

MUTT AND JEFF—JEFF'LL CALL HIMSELF SOMETHING ELSE NEXT JULY

By BUD FISHER

BRINGING UP FATHER—

By McMANUS

SHORT SHAVINGS

The woman was riding downtown on the Sixth-ave. In New York which boasts of many surprising twists and turns.

At Eighth-st. a well-dressed smiling pair of colored folks hurried the train and entered the car in which the woman was seated. Unoccupied seats were scarce and a sudden jangle in the road just then made walking the deck on a stormy night seem a simple feat by comparison. The feminine half of the couple finally gained her seat, after falling against one man, striking the newspaper of a second and dragging a tin staff across the knees of a third. The couple, having secured a seat across the aisle looked across at her and laughed as he said "Say honey, what yuh all think this is, anyhow, spreading youtself all over a body lak I do. Does you think you can fetter

A Scottish laird, of a bold disposition but fit a horse at a gallop. On the way home he thought "A drink of water would refresh it so he got a pail of water but the animal would not take it. When he got home he noticed a red or orange but to his surprise it would not touch that, either.

Well he muttered to himself "If only I was sure to win a girl would I be the extra horse for me.

Two enthusiastic motorists were passing an automobile show-room one day when they stopped to look at the display.

"I'd buy a car of that make," said the one "if I knew it was a good hill climber."

"Why don't you get one like mine?" returned his friend "It can climb trees."

A BYESVILLE MOTHER

Praises Thuermer and Yeo's Herb Wonder for the Good It Did Her Boy.

Says This Grand Herb Medicine Cured Her Son of Bladder Weakness and Stomach Trouble—Is Willing Her Name Should Be Used If It Will Help Others.

Each Purchaser of a 50c Bottle of Thuermer's Quick Relief at the Lima Store of The McKimco Co., Cor. Main and North Sts., Will Be Given a Regular Sized Bottle of Herb Wonder FREE.

In a signed statement Mrs. Sarah English 122 Peter Avenue, Byesville, Ohio, says Thuermer & Yeo's Herb Wonder cured her young son of a distressing weakness of the bladder and stomach trouble.

These few words tell the whole glad story. Herb Wonder is not a patent medicine, but a carefully prepared compound made from selected herbs and berries that go to the seat of the trouble and remove the cause. Its action is on the bladder and stomach, trouble is marvelous. It is a mild laxative, and helps the kidney and bladder carry off the poison that causes rheumatism.
